## 2 Practical Ministry Workshops

Bill Easum, our guest leader, prolific author/speaker will be speaking prophetically into the life and witness of the American Church. He will address a topic that I suspect is in the bulls eye of our thinking and experience - doing ministry in hard times, and how we lead in such times.

Bill's two stated purpose for his time with us is to help churches:

- make **strategic** decisions about how to spend their time, energy, and money during hard times
- remain strong and emerge **stronger** on the other side of hard times
